THE OASIS® BLACK PRODUCTS

3 OPTIONS

Classic, economical or minimalist - Black Floral Foam opens up new design possibilities.

SAVING

Opt for an "airier" floral design and save not only materials but also time and costs.

QUALITY

The OASIS® BLACK Series offers the same foam quality as the well-known green OASIS® IDEAL products.

NEW LOOK

Be courageous and break through old design patterns. Experimental decoration gives designs greater optical depth and a filigree, modern look.

ALLROUNDER

Use the Black Floral Foam products for both fresh and dry flowers. Our tip: Create individual shapes and vessel alternatives for modern and unusual arrangements.

NEW: OASIS® DESIGNER'S COLLECTION

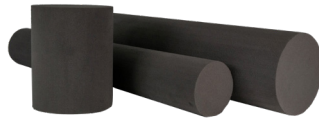

for maximum design freedom

We set the base – you create the emotions! Fascinating arrangements arise from fascinating ideas. You no longer want to be limited by the characteristics of a product?! In that case, the Designer's Collection is just right for you. We believe in developing products that help and inspire you to take your design to a whole new level.

This collection makes it possible for you to respond very individually to your customers' wishes. Ideas and trends can be implemented optimally. The Floral Foam is designed in such a way that it can suit any event. There are no more limits to your creativity. Design without restrictions - any shape, size and design, just the way you like it.
